

**Electronic Supplementary Material 2:**  
**Anatomical landmarks**

| Bone                       | Removed anatomical landmarks from the protocol of Hanot et al. 2017a |
|----------------------------|--|
| Scapula                    | 3  |
| Humerus                    | 18, 40, 43   |
| Radius-ulna                | 6, 18, 42  |
| Metacarpal bone            | 10, 12, 32   |
| Proximal anterior phalanx  | 8, 9, 18   |
| Middle anterior phalanx    | -  |
| Distal anterior phalanx    | -  |
| Coxal bone                 | 23,24  |
| Femur                      | 20,31,32,38  |
| Tibia                      | 18, 19   |
| Talus                      | 13, 20, 25   |
| Calcaneus                  | 14,17  |
| Metatarsal bone            | -  |
| Proximal posterior phalanx | 18   |
| Middle posterior phalanx   | -  |
| Distal posterior phalanx   | -  |

**Table: List of the anatomical landmarks from the protocol of Hanot et al. 2017a which are not retained in the analyses due to the poor preservation of some bones.**
